Fabbrichiamo prodotti di qualità non solo perché ce lo chiede il mercato, ma perché fare prodotti di pregio, apprezzati in tutto il mondo, ci fa sentire orgogliosi di quello che siamo e di ciò che facciamo. Questo è il pensiero che ispira Kerasan. E per questo, tutte le fasi di lavorazione sono interne, a partire dal laboratorio di analisi delle materie prime e dei test dei semilavorati, fino alla produzione degli impasti e alla formatura del prodotto finito. Qualità e design, innovazione e rispetto per l'ambiente sono i principi che hanno imposto il nostro nome e le nostre collezioni nella fascia più alta del mercato, italiano e internazionale. Da oltre 50 anni..

KERASAN

We manufacture quality products not just because the market requires that we do so but because producing quality products, appreciated throughout the world, makes us feel proud of what we are and of what we do. This is the mindset that inspires Kerasan. And as a result, all the processing phases are in-house, from the raw materials analysis laboratory and testing of the semi-finished products, up to production of mixtures and molding of the finished product. Quality and design, innovation and respect for the environment are principles that have firmly established our name and our collections at the top end of the market, Italian and international. For over half a century."

WATER SAVING

Kerasan, attiva da molti anni nel settore degli idrosanitari, ha progettato per Aquatech una soluzione innovativa e capace di ridurre gli sprechi d'acqua: un sistema di scarico che permette di scegliere tra uno parziale con 3 litri d'acqua e uno totale con 4,5 litri. Ciò garantisce un risparmio idrico notevole ad ogni utilizzo. L'uso abbinato tra wc e cassetta di scarico è conforme ai requisiti richiesti per i vasi di classe 2 in base alla norma EN 997 (standard europeo per i wc). Rispetto ai sanitari classificati in classe 1, tale norma prevede che i wc siano caratterizzati da maggiori prestazioni e che non consumino più di 6 litri per lo scarico.

Kerasan, with its long-standing experience in the sanitary ware industry, has now created Acquatech: an innovative solution which is able to reduce water wastage thanks to its flush system which is available with either a partial cistern of 3 litres or a full 4,5 litre cistern. This guarantees a considerable saving of water at each use. The combined use by the WC and cistern complies with the requirements for class 2 WC pans based on European WC standard n° EN 997. Compared to the sanitary ware listed under class 1, said standard provides that the WC are more efficient and do not consume more than 6 litres per flush.

La componibilità è la forza di Inka.
2 misure di lavabo, che possono essere disposti singoli, in coppia, affiancati in linea, o montati su un mobile.
Non mettere limiti ai tuoi desideri di design.

Modular design is Inka's greatest strength.
Inka washbasins come in two sizes and can be cabinet-mounted or arranged alone, in pairs, or in rows.
Don't hold back on the designer touches you've dreamed of.

LAVABI D'ARREDO

Appropriarsi di codici diversi riscrivendo la grammatica delle forme conosciute all'uomo. Circolari, semicircolari, rettangolari, quadrati, monoforo o a due vasche, sospesi, da appoggio o a parete, incassati o semincassati: la geometria diventa creativa e invita a personalizzare l'ambiente bagno.

Offers us a new language code by rewriting the grammar of shapes known to man. Circular, semicircular, rectangular, square, single or double basin, suspended, pedestal or wall-hung, recessed or semi-recessed configurations: geometry becomes creative and invites you to add a personal touch to the bathroom environment.

CONSOLE

Linee asimmetriche versus silhouettes tradizionali.
Console è una collezione di lavabi con piani d'appoggio per gli accessori.

Asymmetric lines versus traditional silhouettes.
Console is a collection of washbasins with vanity tops for accessories.

PIATTI DOCCIA

Ad angolo, rettangolari, semicircolari con bordi rialzati o a filo pavimento: una varietà di proposte amplissima studiata per risolvere problemi pratici ed esigenze estetiche.

Corner, rectangular, semicircular shower trays with raised edges or flush-to-floor solutions: an extremely wide variety of proposals designed to solve practical problems while satisfying aesthetic requirements.

DUNE

DESIGN MASSIMILIANO CICCONI

3403 lavabo 80
washbasin 80

1326 "Sabbia" piatto doccia 70x120xh4 sx

rectangular shaped "Sabbia" corner shower tray 75x140xh4 left side

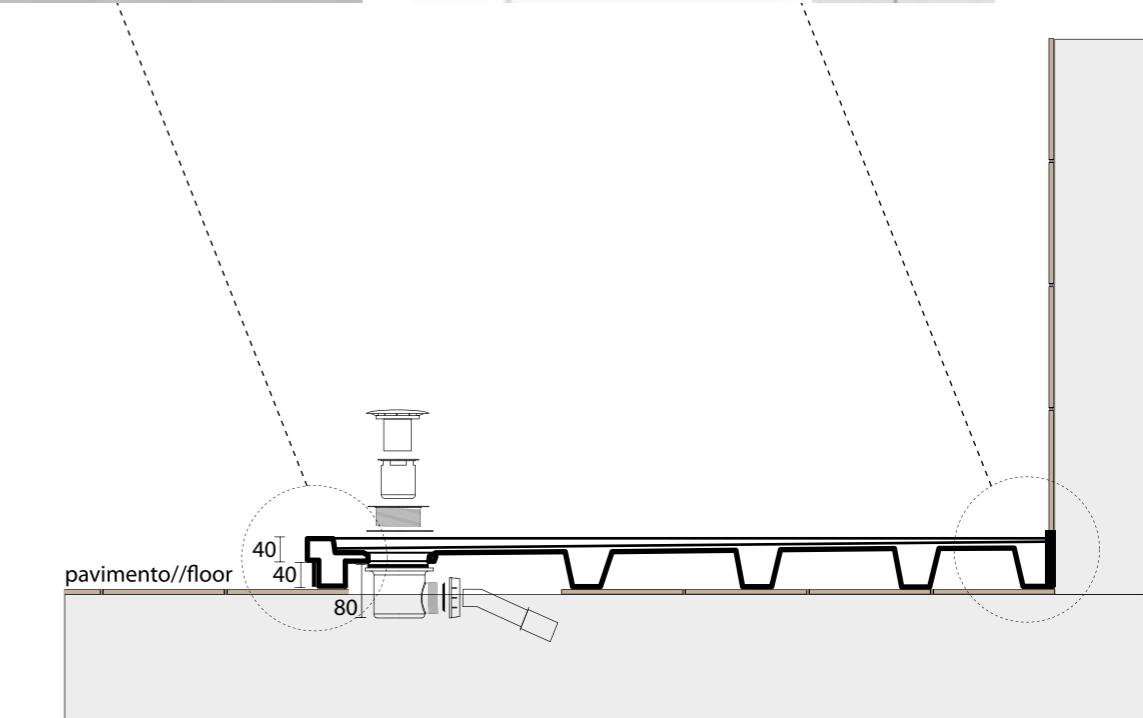

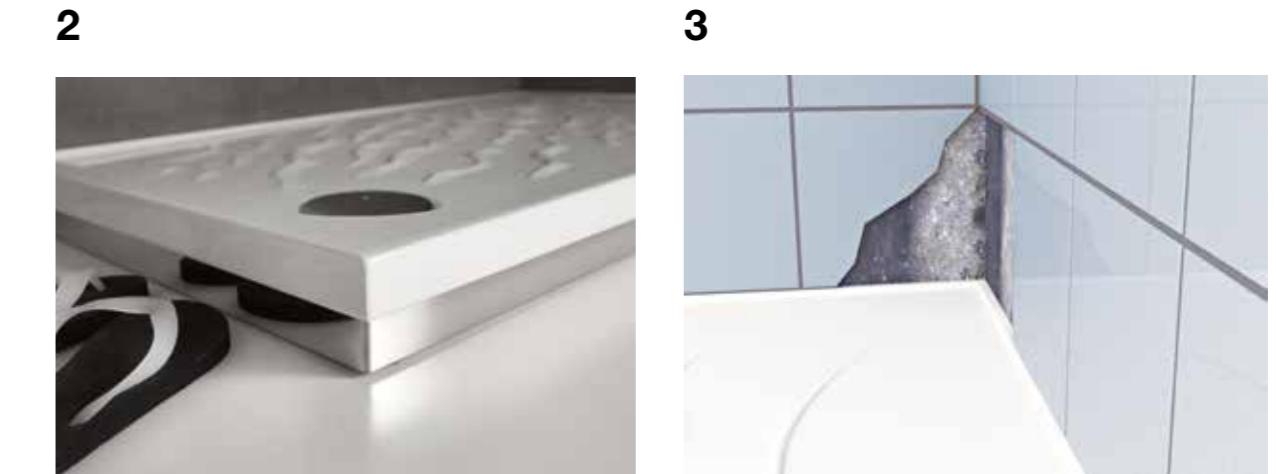

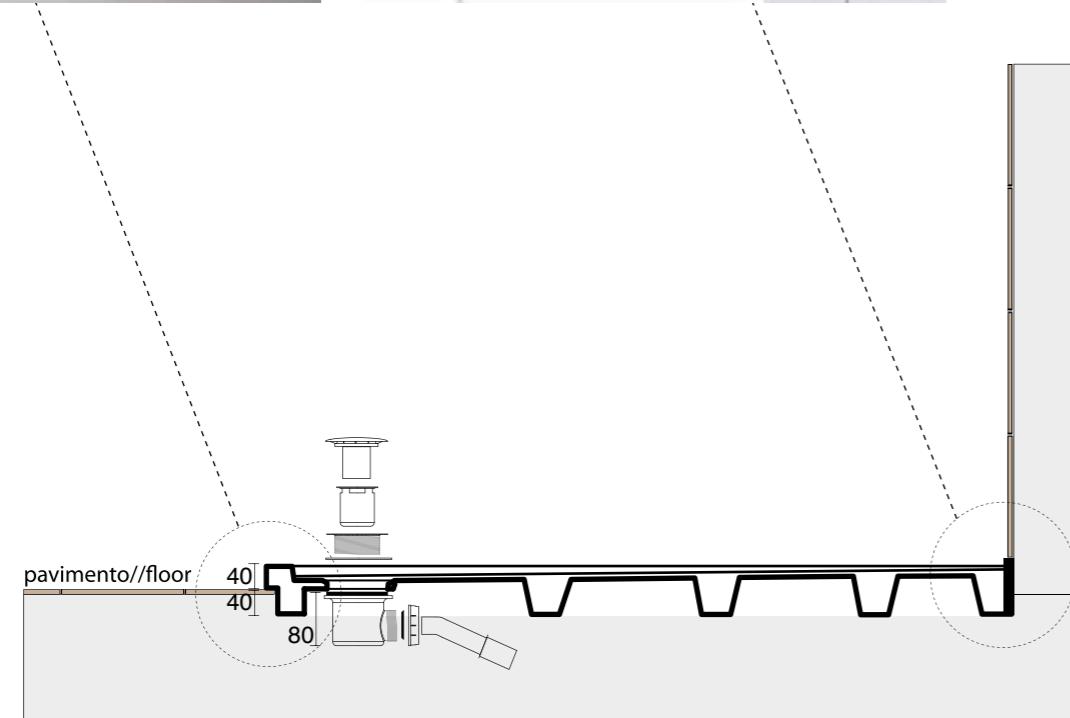

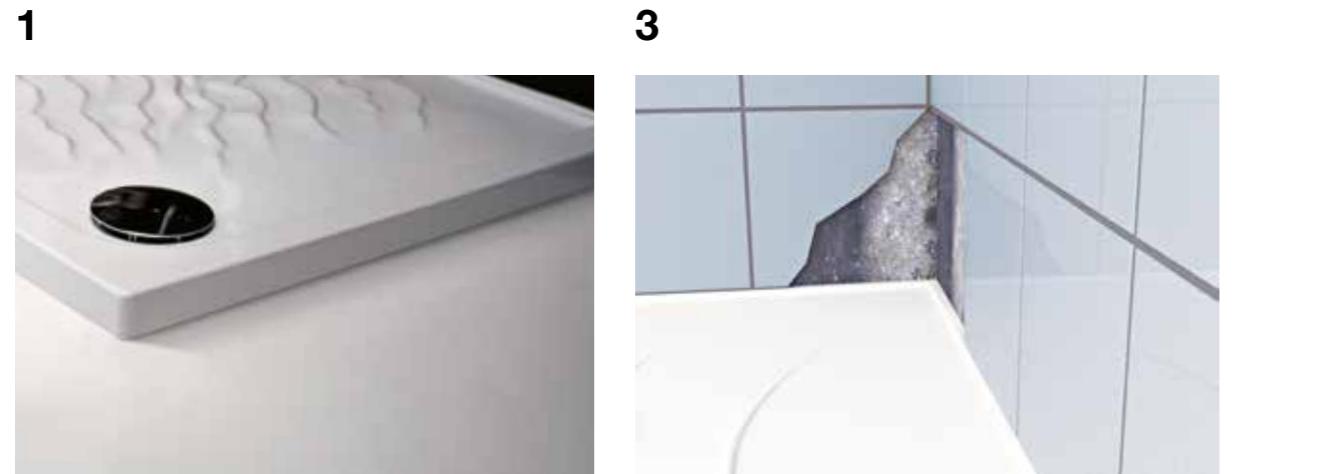

1322 "Sabbia" piatto doccia angolare 90x90xh4
square shaped "Sabbia" corner shower tray 90x90xh4

FIN finitura in acciaio cromato
chrome finish

I piatti doccia DUNE si prestano a più soluzioni d'installazione. Possono essere incassati nel pavimento, lasciando a vista solo il bordo superiore in ceramica spessore 4 cm (figura 1) o appoggiati sul pavimento con un doppio bordo, uno superiore di 4 cm con ceramica a vista ed uno inferiore sempre di 4 cm rivestito in acciaio (figura 2). Nella figura 3 si evidenzia l'originalità di questo piatto doccia, che sui due lati muro presenta un bordo sottile studiato appositamente per essere sormontato dal rivestimento, con il vantaggio che, a differenza di altri piatti doccia, si ottiene una superficie calpestabile più grande e senza impedimenti retrostanti. La particolare lavorazione in rilievo all'interno del piatto doccia, che da il nome alla collezione DUNE, rappresenta una soluzione innovativa in grado di coniugare la sicurezza di un piano antiscivolo con la raffinatezza e l'eleganza di un minimal design.

The DUNE shower tray can be installed in a number of ways. It can be built in the floor leaving the upper edge of 4 cm visible, or laid on the floor with a double edge with the top 4 cm visible and lower part of 4 cm in a steel frame. In figure 3 one can see how the original design allows for this shower tray to have the two wall facing edges to be mounted under the tile face, given a larger shower area compared to other shower trays. The shower tray has a special embossed design, hence the name of DUNE collection, which is an innovative solution combining an anti slip surface with a minimalist and sophisticated design.
